## EDITED NATIONAL CURRICULUM FOR SPELLING

## Spelling, vocabulary, grammar, punctuation and glossary

The two statutory appendices – on <u>spelling</u> and on <u>vocabulary, grammar and</u> <u>punctuation</u> – give an overview of the specific features that should be included in teaching the programmes of study.

Opportunities for teachers to enhance pupils' vocabulary arise naturally from their reading and writing. As vocabulary increases, teachers should show pupils how to understand the relationships between words, how to understand nuances in meaning, and how to develop their understanding of, and ability to use, figurative language. They should also teach pupils how to work out and clarify the meanings of unknown words and words with more than one meaning. References to developing pupils' vocabulary are also included within the appendices.

Pupils should be taught to control their speaking and writing consciously and to use Standard English. They should be taught to use the elements of spelling, grammar, punctuation and 'language about language' listed. This is not intended to constrain or restrict teachers' creativity, but simply to provide the structure on which they can construct exciting lessons. A non-statutory <u>Glossary</u> is provided for teachers.

Throughout the programmes of study, teachers should teach pupils the vocabulary they need to discuss their reading, writing and spoken language. It is important that pupils learn the correct grammatical terms in English and that these terms are integrated within teaching.

## Revision of reception work

#### **Statutory requirements**

The boundary between revision of work covered in Reception and the introduction of new work may vary according to the programme used, but basic revision should include:

- all letters of the alphabet and the sounds which they most commonly represent
- consonant digraphs which have been taught and the sounds which they represent
- vowel digraphs which have been taught and the sounds which they represent
- the process of segmenting spoken words into sounds before choosing graphemes to represent the sounds
- words with adjacent consonants
- guidance and rules which have been taught

Adding s and es to words (plural of nouns and the third person singular of verbs)	If the ending sounds like /s/ or /z/, it is spelt as – s. If the ending sounds like /Iz/ and forms an extra syllable or 'beat' in the word, it is spelt as –es.	cats dogs spends rocks thanks balls	bags catches matches boxes foxes
Adding the endings – ing, –ed and –er to verbs where no change is needed to the root word	<ul> <li>-ing and -er always add an extra syllable to the word and -ed sometimes does.</li> <li>The past tense of some verbs may sound as if it ends in /Id/ (extra syllable), /d/ or /t/ (no extra syllable), but all these endings are spelt -ed.
