

# *Nature Area Working Party!*

---

**28th January 10am-2pm**

As many of you will know, Great Horwood School has a potentially amazing nature area.

At our last working party, parents, pupils and members of the community joined us to cut back the overgrown vegetation and begin work on transforming the area into something really special!

Parents and pupils are again invited to join us for our next working party, taking place this Saturday. We are hoping to continue the tidying operation, removing the old internal fence, and starting work on marking clear footpaths through the area.

As the weather is likely to be cold, warm clothes and wellies are recommended!

If the weather is particularly poor then please check the school website on Saturday morning to see if we are proceeding with our work.
